LES PASSEES

2023-2024 TOURING SHOWS

OUR MISSION

Through the art of puppetry, Les Passees Kids on the Block seeks to educate, celebrate individuality, and inspire young people within our community.

OUR SHOWS

Stepping into a performance by the Les Passees Kids on the Block, it is quickly apparent that these puppet voices resonate with their youth based audiences. The child-sized puppets talk about their hopes and dreams and let their personalities show.

While airing troubles and discussing social issues that affect today's children, the puppets' frank dialogue is part of a proven national program to teach about resolving conflict and combating peer pressure.
